

AliForm

Release Notes

2022 v.3.0/2022 v.3.0-MJQ

SEPTEMBER 2022

We are pleased to release version 3.0 of *AliForm* for 2022 (2022 v.3.0).

This version includes several updates. New judgments have also been added to the *AliForm* annoté module. For more information on those modifications, consult the **CONTENTS - Version 2022 3.0** section below.

For any questions about installing or using the software, call the Support Centre at 1-800-268-4522. You can also send us a description of your problem by e-mail at: csupport@wolterskluwer.com.

The Centre is open Monday to Friday from 8:30 a.m. to 6:00 p.m.

Note: Although most of the time we are able to answer your questions immediately, some of your queries may require a more advanced research. Remember that a 24 to 48-hour delay might be needed before we provide you with an answer. It is therefore important that you take this delay into account when preparing your files.

End of support for Microsoft Office 2013 and Microsoft Internet Explorer 11

As we have been announcing since May 2021, in particular in an article of our Knowledge Base as well as the e-mails sent last May, starting in November 2021, Wolters Kluwer will discontinue support for Microsoft Office 2013 and Microsoft Internet Explorer 11.

For more information, consult our Knowledge Base article [End of support for Microsoft Office 2013 and Internet Explorer 11. An upgrade of your system may be required.](#)

Carry forward of files

Please note that files carried forward with a previous version of *AliForm* 2022 do not have to be carried forward again.

CONTENTS - Version 2022 3.0

RC66, Canada Child Benefits Application (Jump Code: RC66)

In the new version of the form, the Canada Revenue Agency specifies that a shared-custody situation exists if

the child lives 40% to 60% of the time with the applicant and the rest of the time with another individual. Therefore, the question **Are you in a shared custody situation for this child?** has been removed for each child at Step 6. This question has been replaced by a choice representing the percentage of time the child lives with the applicant. In addition, also at Step 6, the question **Does the child live with you all the time?** was replaced by **Does the child live with you most or all of the time?**

Updated Forms

The following forms have also been updated:

- RC66SCH
- RC65

AliForm annoté

Subscribers to the *AliForm* annoté module have access to 42 new judgments. For more information, consult the **Version 2022 3.0** help topic in the **Nouveaux jugements - Version 2022** section.

Reminder: AliForm Portal

The *AliForm* Portal is a virtual storage location that allows you to make your *AliForm* files accessible remotely, securely and at no extra charge.

To avail yourself of this functionality, you must hold a valid *AliForm* user license and create yourself a user profile with an e-mail address and a password. The user profile provides you with a private space on the *AliForm* Portal where you can save the *AliForm* files to which you want to have access from a workstation outside your office (for example, a "public" workstation in a Courthouse library).

Complete instructions with regards to the *AliForm* Portal are provided in the *AliForm* Technical Help (**Help/Technical Help** command), in the *AliForm* Portal section. In addition, the *Aide-mémoire AliForm* can be accessed through the **Start/Programs/AliForm/Documentation** command.

The security level for passwords to access the *AliForm* Portal have been increased for all users starting with

version 2019 1.0 of *AliForm*. Passwords will now have to comply with the following validation criteria:

- Contain between 8 and 32 characters; and
- Include characters from at least three of the following categories:
 - an uppercase letter;
 - a lowercase letter;
 - a digit;
 - symbol such as !@#\$%?&*()_+ÀÈÇ.

You will be prompted to modify your password the first time you log in to the **AliForm Portal** if it does not comply with these criteria.

Note: Please note that you can save up to 50 *AliForm* files per user license on the **AliForm Portal**, all profiles included.

PatriForm module

The **PatriForm** module has been designed to assist you in the handling of cases that involve the partition of the family patrimony or a matrimonial regime. It allows you to draw up a statement of the spouses' assets and to calculate the values to be partitioned, taking the tax aspects into account. It also allows you to determine the realization value of the assets to help you determine the appropriate payment method, if applicable.

Try our modules

If you are still not using the **AliForm annoté** or the **PatriForm** module, you can access it for a limited period of time as a preview. To request an unlock code, call the Sales Department at 1-800-268-4522.

Free training

For more information on how the program works (basic navigation), you can register online at <https://www.wolterskluwer.com/fr-ca/solutions/aliform>. To do so, first ensure that you are viewing the French page of the Web site that displays. Then, under the title **Publications et Formation**, click **Formation sur les produits** and choose *AliForm*. Normally, there is one session each month for *AliForm* and one every two months for the **PatriForm** module.
